

*Dear Wizard head person,*

*Is magic real? Is magic even that important? If so, why is magic so important to you? Can you even begin to understand it? What is the nature of magic?*

*Why didn't you use it to stop the demons from escaping?*

*If you can't explain the nature of magic, can you even begin to control it? Does magic make you immortal? Do you even believe in immortality?*

*If magic isn't real does your nation exist? Do you live behind facades? Empty buildings and hollow studies where people imitate the wise ancestors until their fingers drip incidental knowledge?*

*I hope you exist, if magic is real maybe then we would all become real, like I did. Maybe there will be hope for you too. Or not.*

*Signed,*

*Elder Flynn, of the Eternal Dominion of the Crab*
